Target Risk | Factsheet as of October 31, 2025

Investment Overview

Provide investors with a diversified portfolio designed to provide long-term capital appreciation by investing primarily in ETFs that invest in Canadian, U.S. and international equity securities.

Fund Highlights

- **Diversification:** After conducting in-depth research and analysis, we carefully hand pick a combination of ETFs to create portfolios diversified by geography and asset class.
- **Active, Expert Management:** The Portfolios are backed by the global expertise and research of our Franklin Templeton Investment Solutions team. Our investment experts actively manage asset allocation, fund selection, currency and risk, with the flexibility to tilt portfolios towards opportunities.
- **Ease of Access, Attractive Pricing:** Franklin Multi-Asset ETF Portfolios are funds that invest in ETFs. As a result, they combine some of the best features of both mutual funds and ETFs, such as active management, lower fees and an ability to use automatic investment plans, to name a few.

Performance data represents past performance, which does not guarantee future results. Current performance may differ from figures shown. Investment return and principal value will fluctuate with market conditions, and you may have a gain or loss when you sell your units.

Commissions, trailing commissions, management fees and expenses all may be associated with mutual fund investments. Please read the prospectus or fund facts document before investing. The indicated rates of return are historical annual compounded total returns including changes in unit value and reinvestment of all distributions and do not take into account sales, redemption, distribution or optional charges or income taxes payable by any security holder that would have reduced returns. Mutual funds are not guaranteed, their values change frequently, and past performance may not be repeated.
